

ABOUT

- Intelligent IC Control
- Overload
- Over-voltage
- Short Circuit Protection
- High Efficiency Double IC Forward Structure
- Effective heat dissipation
- East to install
- Water and dusk proof

PERFORMANCE

Wattage	100W
Input	AC187-262 V 50/60Hz
Output	DC 12V/8.33A
Method	Converting AC power to DC power

GENERAL INFORMATION

Size	218 mm x 41 mm x 22 mm
Net Weight	341g
Material	Aluminum
Cable Length	300 mm
Connector Type	C5 with earth contact
Warrant	2 Years
