

ABOUT

Intelligent IC Control
 - Overload
 - Over-voltage
 - Short Circuit Protection
 High Efficiency Double IC Forward Structure
 Effective heat dissipation
 East to install
 Water and dusk proof

PERFORMANCE

Wattage 100W
 Input AC187-262 V 50/60Hz
 Output DC 24V/4.17A
 Method Converting AC power to DC power

GENERAL INFORMATION

Size 218 mm x 41 mm x 22 mm
 Net Weight 341g
 Material Aluminum
 Cable Length 300 mm
 Connector Type C5 with earth contact
 Warrant 2 Years
